A Letter from England

Dear Barbara

Thank you for your letter. Your English is very good. Thank you, too for the photos. They are very pretty.

I have no sister. But I have two brothers. John is fourteen now. He plays football. Tony is only five and a half.

My hobbies are books and painting.

We live in the country, in Linton. This is not far from Cambridge.

We also have two pets, a cat and a rabbit. I like both very much.

All the best,
Alice
